STELLA

Storytelling and Retelling and Higher-order Thinking for English Language and Literacy Acquisition

Storytelling and retelling and higher-order Thinking for English Language and Literacy Acquisition (STELLA) is an innovative program designed to impact K-3 English Language Learners' growth in English, reading, and science.

This curriculum facilitates interactive story reading between teachers and students and develops students' comprehension through the use of higher-order questioning and thinking strategies.

STELLA provides meaningful and engaging opportunities for students to respond to literature while also expanding vocabulary, listening skills, and speaking skills.
